

Your Family Tree Photo Canvas is printed onto 390gsm, 100% cotton canvas. It is stretched onto 38mm professional standard, redwood frames, which are purpose made, very strong and warp-resistant. We use the very latest print technology, using inks guaranteed fade resistant for 75 years. Each canvas is laminated with a protective coating which both protects and enhances.

Our prices for these unique pieces reflect the amount of time put into each project. Scanning, editing and re-sizing each individual image; entering data for each individual; then producing the canvas itself all takes a considerable amount of time and expertise.

Once you have submitted all the relevant information with your completed order form and a deposit of £50, we will get to work. We will send you a proof, either by email or post, which you must check and approve.

Your Family Tree Photo Canvas will be delivered 7-10 days after we receive your approval. Your photos will be returned with your canvas.

Sizes & Prices:

| Canvas Size (inches) | 3 Generations (7 Individuals) | 4 Generations (15 Individuals) | 5 Generations (31 Individuals) |
|----------------------|----------------------------------|-----------------------------------|-----------------------------------|
